Dear Friends of PCJLS,

School Fund Drive

We would like to thank you for your continued support toward Princeton Community Japanese Language School.

Since the school was found in 1980, our primary goal has been providing the school with programs, resources and services which enable our students to receive high quality Japanese language education. Currently, we offer three core programs to the students with various backgrounds in order to serve their needs: "Hoshuko" Course for the children who plan to move back to Japan in the near future; "Princeton Course" for the children who speak Japanese at home but do not have a plan to move back to Japan; "JASL Course" for the children who want to learn Japanese as a second language. In addition, we offer Japanese courses for adults and high school students in our community.

Our school operation is financially funded by tuition, grants from the Japanese government, and generous donations from supporting companies and individuals, all of which are crucial sources of the funds for us. We are in great need for financial support from you to continue in providing high-quality educational programs which meet the needs of our students.

We would greatly appreciate if you could support our school and our students. Please kindly send your donation direct to the school at the address above if you were able to help us.

Thank you in advance for your generous contributions to PCJLS.

Very truly yours,

Yuichi Tatsumi
President
